

Drill Doctor®

The Drill Bit Sharpener

**Sharpens dull
or broken bits
in less than
60 seconds!!**

360X

Part No. DD360X : 2.5 - 13mm

The DD360X is ideal for the home workshop. It provides the homeowner, weekend craftsman, or hobbyist with the sharpening power needed to restore dull bits and keep on working.

- NEW! Easy, front-loading chuck for simplified bit alignment
- V-Block jaws eliminate jaw twisting on small bits
- NEW! Ergonomic low profile design for increased stability and less tool walking
- NEW! Permanent magnet motor produces consistent power, regardless of speed or load
- Sharpens 3/32"-1/2" standard-twist bits
- Sharpens high-speed steel, masonry, carbide, cobalt and TiN-coated bits

500X

**Part No. DD500XB
2.5 - 13mm
w/Grinding attachment
in plastic case**

Part No. DD500X : 2.5 - 13mm w/Grinding attachment

Pro level sharpening - incl. 135° bits. The DD500X shop model is designed for durability & has the flexibility required to sharpen the largest range & most popular sizes of dull or broken bits - including split points and masonry bits. You can even increase capacity with 3/4" chuck accessory. The DD500X is ideal for the serious drill bit user - DIY, hobbyist, and professional

- Sharpens 118° and 135° bits
- Sharpens 3/32"-1/2" standard-twist bits
- Sharpens high-speed steel, masonry, carbide, cobalt, TiN-coated, and split-point bits, creates split-point bits from standard bits
- NEW! One-piece alignment system improves precision, and adjustability

750X

Part No. DD750X : 2.5 - 19mm w/Grinding attachment

Top-of-the-line professional shop model.

The DD750X is designed for durability & has the flexibility required to sharpen the largest range of dull or broken bits from 1/2" to 3/4" bits. The precision, accuracy & durability of the DD750X, due to its metal core, makes this an ideal model for the pro audience.

- NEW! Sharpens standard-twist bits from 3/32" - 3/4" with a single, convenient chuck
- Sharpens high-speed steel, masonry, carbide, cobalt, Tin-coated, and split-point bits
- Creates split-point bits from std bits
- NEW! One-piece alignment system improves precision, and adjustability
- NEW! Custom Point lets you adjust the point angle from 115° to 140°

NEW! Quick Change diamond sharpening wheel
