PORTABLE

2-IN-1 CLAMPING WORKTABLE & SAWHORSE

HEAVY-DUTY

Meet your new favorite work horse.

Pony's 2-in-1 E-Z Clamp™ heavy duty worktable & sawhorse features quick clamps and holding pegs that can support up to 225kg as a table and up to 453kg as a sawhorse.

The convenient 2-in-1 worktable & sawhorse makes for quick and easy conversion for tackling more projects. The bar clamps can fasten directly to the worktable/sawhorse, as well as hold items vertically or horizontally for greater flexibility while you work. Thanks to its hassle-free breakdown and folding mechanism, moving from job to job or from the basement to the garage is no problem. In addition, the height-adjusting feature allows you to adapt to any size project, enabling you to work at different levels. A built-in shelf provides storage for tools and materials, saving space and keeping everything close by.

Part no. Description

AC60	PONY Work Table & Sawhorse w/4 Pce Bench Dogs
AC60-PRO	PONY Work Table & Sawhorse w/4 Pce Bench Dogs & 2 Clamps

FEATURES

PONY PRESS SCREWS

Part no. Description

AC6709	Press Screw 9" / 228mm
AC6712	Press Screw 12" / 300mm
AC6718	Press Screw 18" / 450mm

Pony heavy-duty press screws are ideal for making veneering frames and are especially useful for deep-reach surface clamping. The large, removable cast-iron swivels make installation a breeze, and the threaded bushings fit easily into a one-inch hole. 11/16" diameter, cold-drawn steel screws with special, smoothly cut acme threads provide a tight hold.

Jorgensen has designed all new bench planes and other wood planes using premium materials and workmanship. Precisely made, fit and finished, these planes are ready right out of the box and minimum honing is required.

PONY®

JORGENSEN MINI BLOCK PLANE

Part no. Description

AC70700	3.0mm Low Angle Mini Block Plane Heavy gauge
AC70701	Spare Blade for AC70700

FEATURES

- Heavy gauge (3.0mm) O1 blade is more durable
- Ductile iron is far stronger and more resilient
- Stress relieving metal ensures the machined casting will stay flat over time
- Adjustment screw helps provide preferred cutting depths

JORGENSEN ADJUSTABLE MOUTH BLOCK PLANE

Part no. Description

AC70710	3.0mm Low Angle Heavy Gauge Adjustable Mouth Block Plane
AC70711	Adjustable Block Plane Blade for AC70710

FEATURES

- Heavy gauge (3.0mm) O1 blade is more durable
- Ductile iron is far stronger and more resilient
- Stress relieving metal ensures the machined casting will stay flat over time
- Adjustment screw helps provide preferred cutting depths

JORGENSEN SMOOTH HAND PLANE

Part no. Description

AC70730	3.0mm Smooth Hand Plane Heavy gauge
AC70731	Spare Blade for AC70730

JORGENSEN JACK HAND PLANE

Part no. Description

AC70735	No. Jack Hand Plane
---------	---------------------

Heavy gauge (3.0mm) O1 blade is more durable and provides a solid cut with minimal vibration.
Ductile iron is far stronger and more resilient.
Stress relieving metal ensures the machined casting will stay flat over time.

JORGENSEN CORNER EASING HAND PLANE

Part no. Description

AC70740	Corner Easing Hand Plane w/45 ° Chamfer Blade
AC70748	Corner Easing Hand Plane w/45 ° Chamfer Blade & Corner Round Blade 3, 5, 6mm

FEATURES

- Corner easing plane with one 45-degree chamfer O1 steel blade

The Jorgensen corner easing plane can make quick work of edge relief. The plane is made from high-grade aluminum and precisely machined, it's durable and provides great corner finish results. The hardened O1 steel blade is sharp and durable. The large screw on the product easily and precision adjusts the cut depth. Built in blade storage on the handle.

JORGENSEN SURFACE PROTECTING PADS

Part no. Description

AC7437	8 Pce Light & Medium Duty Steel Bar Clamp Replacement Pads
AC7455	Replacement PONY Clamp Pads for AC55
AC7456	2 Pce Pipe/Bar Clamp Surface Protecting Pads
AC7460	8 Pce Replacement Clamp Pads for Hobby/Craft Clamp
AC7462	4 Pce Medium Duty Surface Protecting Clamp Pads
AC7464	8 Pce Replacement PONY Clamp Pads for Spring Clamps 3201
AC7465	8 Pce Replacement Clamp Pads for Spring Clamps 3202
AC7466	8 Pce Replacement Clamp Pads for Spring Clamps 3203
AC7467	8 Pce Replacement Clamp Pads for Spring Clamps 3204
AC7468	4 Pce Replacement Clamp Pads for EZ-Hold Torque Expandable Clamps

Our clamp pads eliminate the need for wood blocks by adding soft, durable plastic padding to your clamps and providing a resilient, nonslip, nonslip protective cushion when clamping wood, metal, and plastic surfaces. Can be added to many Jorgensen bar clamps. Recommended for use with Jorgensen style 3700 and style 3700-LD steel bar clamps.
